Interpon D2015 Précis Ultra Matt

Non-reflective superdurable powder coatings

When you design, you want to create the extraordinary. You want your buildings to be on trend, to stand out from the crowd and to build a lasting legacy. Interpon Précis Ultra Matt enables you to give ultra matt surfaces a glint of brilliance and luminescence, to create surfaces that allow light to dance across them, and to imagine buildings that inspire.

The new Interpon Précis Ultra Matt creates a fine mica effect that transforms the appearance of non-reflective surfaces depending on the way the light reflects on them. And with superdurability that is backed by a 25-year warranty*, architects can now provide their creations with the highest levels of protection and the best quality finish.

The Interpon Précis Ultra Matt range is enabling architects to unlock new and exciting potential in the world of architectural design and comes with a host of other benefits.

Transparency and reliability

Creating futures that last

You can rely on us. Our Interpon D 2015 Précis Ultra Matt range delivers on its promised durability levels in terms of color retention and film integrity.

- Offering up to 25 years global warranty on the coating performance when applied by an Interpon D Approved Applicator.
- Qualicoat Class 2 and GSB Master certifications.
- Meets the performance requirements of AMAA 2604.

Building a sustainable future

The Interpon D2015 Précis Ultra Matt range is a family of products that is not just helping us to imagine the future; it is also protecting it. Backed by an Environmental Product Declaration (EPD), the raw materials, manufacture and transportation associated with creating Interpon D have been assessed by an independent third-party for transparent sustainability credentials.

THE INTERNATIONAL EPD® SYSTEM

Features	Benefits
Superdurable performance, resistance to color change and excellent gloss retention	Aesthetic and functional protection to ensure that buildings can stand the test of time Protection against weathering
Range of on-trend finishes	Great appearance
Environmental Product Declaration (EPD)	Help buildings achieve higher leading sustainability certifications such as LEED and BREEAM
